ENSE 471 Lab #2
Name: Priscilla Chua
SID: 200363504
Due: Jan 30, 2019

Users comment on Engineering website:
- Focus on students which including the current students, future students, and the graduate students, as well for the parents
- Well organize of the research pages for users need
- Information of collaboration in U of R
- Easy to find/navigation for users need
- Convenient for users to update/changing informations, even not relate to the Engineering website
- Broken links are bad
- Similar design layout of all the website pages
- Outline the requirement of courses/classes to take rather to go to the main Engineering website

Current Students:
- Easy to find/navigation for users need
- Information of collaboration in U of R
- Broken links are bad
- Outline the requirement of courses/classes to take rather to go to the main Engineering website

Affinity Diagram:

Current Students		
Basic information of the program	Courses/classes of the program	Collaboration
highlight the important contact information for students to get help from	list requirement of courses/classes to take	information of work as undergraduate students(co-op, internship…)
use of things of starting the school year(ur courses, ur self-service…)	graduate information	school events
